### PHE South East Health Protection Team:

## Managing Suspected and Confirmed COVID-19 cases in Childcare and Educational Settings

Version 3.0 Date 2/9/2020

Prevent the spread of infection by maintaining high standards of hygiene, including hand washing and regular cleaning and disinfection of surfaces. This will help prevent COVID-19 spreading in educational settings, as well as other infectious diseases.

If you have any infection control concerns or questions please call the **Surrey and Sussex Health Protection Team on 03442253861** (0844 967 0069) out of hours). If the matter is not urgent you can also email <a href="mailto:SSHPU@phe.gov.uk">SSHPU@phe.gov.uk</a>

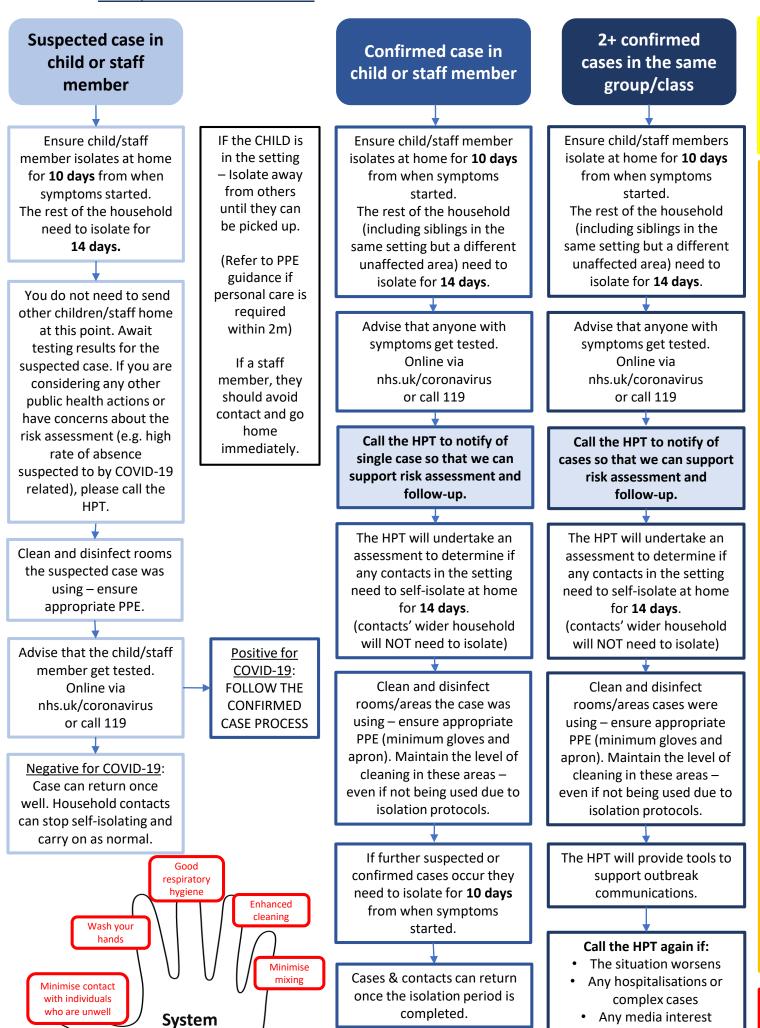

GUIDANCE: Visit gov.uk/coronavirus for detailed schools guidance and other guidance

TESTING: Visit nhs.uk/ask-for-a-coronavirus-test

of Controls

for Prevention

Appropriate use of face coverings and PPE where necessary

# COVID-19 Case Definition: (as of 18/05/20)

- A high temperature
- A new, continuous cough
- A loss of, or change to, your sense of smell or taste

#### Cleaning

Refer to gov.uk (Cleaning in non-healthcare settings outside the home) for detailed guidance.
Routine enhanced cleaning should already be in place.

The minimum PPE for cleaning an area after suspected or confirmed case of COVID-19 has left the setting possible is disposable gloves and an apron. (N.b. if risk assessment indicates a higher level of virus may be present, e.g. where someone unwell has spent the night such as a boarding school dormitory, then additional PPE may be necessary – speak to your HPT for advice).

Public areas (e.g. corridors) - clean as normal. All frequently touched surfaces (door handles, taps, table tops, keyboards etc.) should also be cleaned and disinfected.

Use disposable cloths/paper roll, disposable mop heads to clean hard surfaces. Use a combined detergent and disinfectant or a two-stage cleaning process of detergent (household type cleaner) followed by a hypochlorite solution (1000ppm) e.g. diluted Milton (check chemicals in use are effective against enveloped viruses).

#### Waste

Any other concerns you

need support with

Any COVID-19 related waste should be double-bagged and stored for 72 hours before usual disposal.

#### **School Closure**

If you think you may need to close the school contact PHE SE HPT on 03442253861 first to discuss the public health perspective.
