

## **Kings College PRE Department: Curriculum Overview 2022-23**

**Curriculum Intent:** The PRE Department offers all pupils a broad, balanced, knowledge-rich curriculum in a challenging and supportive environment. We provide students with engaging narratives that capture the factors which have shaped the world and challenge students to think critically about them. Over time, students reflect upon their place within the world and the philosophical, religious and ethical factors that affect their day to day lives and how these are reflected in core British Values.
